## **MSDS IK-SILICATE POWDER**

	Product Identification Silicate Powder (IK - Silicate Powder)			
	Synonyms	Binder Powder (Castab	le)	
01.	CAS No	Not Known		
	Molecular weight	Not known		
	Chemical Formula	Silicate Powder		
	Product code	IK-Silicate Powder		
	Composition/Information or	1		
02.	Ingredients			
	Ingredients	CAS No.	Percent	
	Quartz sand	Not known	97 %	
	S.S.F.	Not known	03 %	
	Hazardous Identification:			
	Health Rating	1. Not severe		
	Flammability rating	0- None		
	Reactivity	0- None		
	Contact rating	0- None		
	Protective equipment's	Personal protective equipments should be used		
03.	Storage Colour code	Not applicable.		
	Potential Health Effect			
	Inhalation	Avoid breathing.		
	Ingestion	Symptoms not known.		
	Skin contact	Slight irritation		
	Eye contact	May cause irritation with redness. Particles may cause injury to		
	5	eye.		
	First Aid Measures			
	General Advice	Remove contaminated clothing and wash the affected area and treat as		
		per the symptoms.		
	Inhalation		fresh air. Get medical attention if	
04.		symptoms persist.		
	Skin contact	5	soap & water and treat as per the	
		symptoms.		
	Eye contact	5	minutes under running water. Seek	
	,	immediate medical atter	ntion.	
	Firefighting measures:			
	Flash point	Greater than 1250°C		
	Suitable extinguishing media			
	Protective of fire fighters	Use breathing apparatus & protective clothing.		
05.		Extinguishers not to be used		
		None in particular		
		Risks arising from combustion		
		Avoid inhaling the fumes		
		Protective equipment		
		Use protection for the r	respiratory tract.	
06.	Accidental Release Measures			
	Personal Precautions	Respiratory Protection saf	ety goggles & plastic gloves. Do not let

		Specia	
		product enter arsine.	
	Environmental precautions	Contain with absorbent material and dispose as per the local	
	Method for cleaning up	regulations and flash the area thoroughly with water.	
	Handling and Storage		
07.	Handling	Ensure thorough ventilation of stores and work area	
	Storage	Keep tightly closed in dry and cool place	
	Exposure controls/Personal		
08	Protection		
	Precautionary measures	Give adequate ventilation to the premises where the product	
		is stored or handled.	
	Respiratory protection		
	Protection for hand	Use protective gloves.	
	Eye protection	Use safety goggles.	
	Physical and chemical		
	Properties		
	Form	Powder	
09	Color		
		Off White	
	Solubility in water	No	
	Solubility in other solvents	Not known	
	PH (25% solution in water)		
	Stability and Reactivity.		
10	Stability	Stable	
	Reactivity.	Not reactive	
11	Toxicological information	The concentration of each substance should be borne in mind in assessing the toxicological effects deriving from the preparation. Set out below is the toxicological information relating to the main substances in the preparation. Quartz (SiO2) Chronic toxicity : silicosis Prolonged and/or massive exposure to alveolar dust containing silica may cause: silicosis, which is a pulmonary fibrosis caused by the deposit of alveolar-sized crystalline silica dust in the lungs. Feldspath By inhalation, it may be irritant for mucous membranes and respiratory tracts. Skin contact, it may be slightly irritant and cause drying on the skin.	
12	Ecological information	Adopt good working practices, so that the product is not released into the environment. Persistency and degradability: no biological decomposition Environmental behavior: not assimilated. Eco toxicological effects: no toxicity	
13	Disposal Consideration	Land filling approved area according to authorized procedure or incinerate in accordance with local regulation.	
14	Transportation Information	IK - SILICATE POWDER is not a hazardous material for purpose of	
15	Regulatory Information	transportation.
